Shoe size Skate Size: 6

Shoe size: INT

Shoe width: W (Wide)

The TRUE HZRDUS 9X INT is an ice hockey boot designed for intermediate-level players who are looking for a snug fit and solid stability on the ice. Available in skate size 6 and the wide (W) version, this model is particularly well-suited for players

Product information

who need more room in the forefoot without compromising on a precise fit.

- Product Type: Ice Hockey Skate
- Model: HZRDUS 9X INT
- Age Group: Intermediate
- Skate size: 6
- Fit: W, wide fit
- IntendedUse: Ice hockey training and games

Especially during regular ice time in youth or club programs, the balance between support and space plays a crucial role. A wider fit can help reduce pressure points in the forefoot and make the skate more comfortable to wear during longer sessions. At the same time, it's crucial for a hockey skate in this category that the foot, ankle, and movement work together seamlessly within the skate to ensure controlled edging, acceleration, and changes of direction.

When selecting a skate, in addition to skate size 6, the most important factor is the correct foot width. The W version is designed to provide more room inside the skate.
