Pocket volume: 30l

Bag color: white

The EXEL UNIHOKEY BALL BAG is a practical solution for training and everyday club use when floorball balls need to be collected, transported, and quickly made available between the gym, equipment room, and playing field. Its 30-liter capacity is ideal for situations where multiple balls need to be carried in an organized manner without the bag being

Product information

unnecessarily large. In white, it blends seamlessly into team and training gear.

- Product Type: Floorball Ball Bag
- Intended Use: Training, school, and club activities
- Volume: 30 L
- Color: White
- Transport benefit: organized storage and transport of floorball balls
- Organization: Helps ensure a quick ball exchange during training

In indoor sports, a well-organized workflow is especially important for coaches, schools, and clubs. A ball bag of this size makes it easier to collect balls after exercises and keeps the equipment compactly together, rather than carrying or storing individual balls separately. This saves time during setup and ensures that play can resume more quickly during training. Even for teams with dedicated indoor equipment, a bag like this is often much more practical for everyday use than open storage.

Before making a selection, it's worth quickly checking whether the desired capacity matches your existing ball inventory.
