Especially in everyday hockey life, a small bag is often more practical than a large one. Whether it's extra gear for team practice, a change of clothes for the indoor rink, or personal small items, everything stays neatly organized and within easy reach. The small packing volume helps you stick to the essentials, which is especially convenient for youth players, during short practice sessions, or in everyday club life.

Those who regularly carry more gear should also make sure to choose a bag with the right capacity.
