Product information

Pocket volume: 30l
Bag color: black

The EXEL STICKBAG JR/SR is a practical stick bag for everyday hockey use, designed to keep your gear neatly organized as you move between practice, school, the club, and the rink. The black design has an understated look, and the 30-liter capacity provides space for sticks and other accessories without being unnecessarily Groß.

- Product Type: Stick bag for hockey sticks and equipment
- Sizerange: JR/SR
- Volume: 30 L
- Color: black
- Uses: Practice, game day, and transport to the arena
- Storage space: Fits sticks and additional small items for everyday hockey use

Especially for youth players and those attending regular club practices, a bag is needed that makes moving between the locker room, the sports hall, and the trip home hassle-free. The EXEL Street Stickbag Jr Black keeps equipment organized and prevents sticks from dangling loosely in your hand. This is especially convenient when you need to carry shoes, a water bottle, or smaller training gear in addition to your stick. Thanks to its combination of JR/SR sizing and 30-liter capacity, this model is well-suited for younger players transitioning to the next level, as well as for players specifically looking for a more compact stick bag.

Before making your selection, it's worth taking a quick look at the length and circumference of the sticks you'll be carrying to ensure the bag's size fits your daily hockey routine.
