Especially in everyday club life, it's important to have a bag that isn't unnecessarily large but still has room for the essentials. A Stick Backpack like this model helps keep sticks and personal gear together in a convenient package. This is especially useful for youth and club players who head straight to the rink after school, work, or college and need their gear ready to go.

The 22-liter size is particularly well-suited for a more compact set of hockey gear. Before purchasing, it's worth taking a quick look at how much else you regularly carry in addition to your stick.
