Product information

Shoe size Skate Size: 7
Shoe width: S
Shoe size: SR
Brand: TRUE

The TRUE TF9 SR is an ice hockey skate designed for ambitious players who train and play regularly and are looking for a snug fit in width S. The one-piece, thermoformable shell is designed for a snug fit and lightweight construction, which is particularly noticeable during quick changes of direction and ensures clean power transfer.

- Technology: TRUESHELL Tech with a one-piece, thermoformable shell
- Construction: Carbon fiber and thermoplastic construction
- Fit: Best-in-class, anatomically contoured design in width S
- Binding: SHIFT binding
- Tongue: Adjustable tongue system with Pro-Grade tongue and T-Guard insert
- Lining: Antimicrobial and moisture-wicking
- Padding: Multi-density foam construction
- Size: Skate Size 7, SR

In everyday hockey, it's not just speed that counts, but also how precisely the skate wraps around the foot. That's exactly where this model excels: The shell fits snugly, reduces weak spots in high-stress areas, and supports a direct skating feel. The moisture-wicking inner lining helps maintain a consistent fit even during longer sessions, while the multi-layered padding noticeably enhances comfort. The adjustable tongue also allows for finer tuning, which is particularly beneficial for players who deliberately tailor their equipment to their skating style.

When selecting a pair, it's worth taking a close look at width S, as well as the SR size and Skate Size 7, to ensure the fit and feel match the shape of your foot.
