Product information

Textile size: XS

EXEL KNIESCHONER G STAR JR in size XS are lightweight and easy-to-use knee pads for children and juniors who need extra knee protection during indoor hockey training and games. Especially for young players, equipment is needed that fits comfortably, doesn't unnecessarily restrict movement, and can be put on quickly during practice.

- Product Type: Knee pads for children and juniors
- Intended use: Indoor hockey, training, and games
- Design: Lightweight and simple
- Comfort: comfortable for regular wear
- Protection area: Knees
- Size: XS

In the day-to-day hockey life of young players, it's often important that equipment works without needing major adjustments. That's exactly where these knee pads come in: They cover the knee, remain comfortable to wear, and are well-suited for practices that involve frequent changes of direction, low stances, and contact with the indoor floor. For parents and clubs, this is a clear, practical solution for everyday use when looking for simple knee protection for young players.

It's important to choose the right size so that the knee pads fit snugly and don't slip when running, stopping, or dropping into a low stance.
