CWENCH Shaker Cup Cwench is the brand's official hydration shaker cup and fits right into everyday hockey life when you need a practical way to stay hydrated between the locker room, the bench, and practice. For club players and teams in particular, it's important to have a bottle that's easy to take along and can be quickly cleaned and ready to use again after practice.

- Product Type: Hydration Shaker Cup
 - Uses: Practice, game day, and locker room
 - Cleaning: Dishwasher-safe
 - Material note: BPA- and phthalate-free
-

Product information

- Real-world experience: Tested and approved by Team Cwench
- Design: Official Cwench cup

In ice hockey, gear needs to work reliably above all else. A shaker cup like this model is ideal for mixing powdered drinks with water right before or after a practice session. The dishwasher-safe design makes it easy to use regularly in club settings, while the BPA- and phthalate-free construction reflects a modern choice of materials. The fact that the cup has been tested and approved by the Cwench team underscores its sports-oriented design without unnecessary extras.

When mixing, rinsing, and repacking are part of the team's daily routine, easy-care and hassle-free handling are what matter most.
