Accessory color: black

The FOX SUPERFORCE FINGERGRIP REFEREE WHISTLE is designed for use in hockey, where signals need to be given quickly, reliably, and even in fast-paced game situations. The finger grip ensures a secure fit in the hand, which makes it easier to use on the field—especially during school, practice, and club activities. The black version has a simple, understated look.

Product information

- Product Type: Referee whistle for hockey and school sports
- System: Finger grip for a secure hold
- Model: Superforce CMG
- Functionality: Quickly accessible without having to carry it loosely in the hand
- Applications: officiating during practice, school sports, and club activities
- Color: black

Especially during frequent stoppages, quick changes of direction, and many short game sequences, a whistle with a finger grip makes a noticeable difference in everyday use. It stays close to your hand, can be used quickly, and doesn't need to be constantly repositioned between plays. This is ideal for coaches, teachers, and referees who value clear procedures on the field and want to use their equipment without hassle.

If you're looking for a classic whistle with a secure finger loop, this model is the right choice.
