ROSCO IFF FLOOR HOCKEY GOAL WITH NETS is a competition-grade floor hockey goal that is particularly well-suited for clubs, schools, and regular training sessions. With dimensions that comply with the new IFF rules, it is ideal for both game and practice situations where a reliable goal size is required.

- Product Type: Floorball Goal
- Regulations: Complies with new IFF rules
- Applications: Training, school and club use, competitive play
- Dimensions: 160 x 115 x 65 cm
- Construction: Goal with nets

Product information

- Package Contents: 1 goal including net

Especially in day-to-day club operations, it's important that goals meet official dimensions and replicate the same conditions in training as in actual games. This is precisely where the practical value of this model lies: shots on goal, goalkeeping drills, and game scenarios can all be practiced in a format that complies with the current IFF standard. The included net makes the goal ready for immediate use indoors, eliminating the need to source additional accessories.

For coaches and team officials, the regulation-compliant dimensions are particularly crucial for setting up exercises properly and creating realistic game situations.
