Floorball hardness: 34

Floorball stick size: 87

Stock type: Right

The EXEL SHARP 2 is a floorball stick designed for right-handed players, aimed primarily at youth and club players who are looking for a direct, precise feel for the ball during practice. With a shaft length of 87 cm and a stiffness rating of 34, this

Product information

model falls within a range that effectively supports controlled play, accurate passing, and smooth stick handling.

- Product Type: Floorball Stick
- Blade orientation: right
- Hardness: 34
- Length: 87 cm
- Shaft shape: round
- Color: black
- Intended use: Indoor training and games

The round shaft shape feels familiar to many players and facilitates a natural grip when receiving passes, dribbling, and making quick changes of direction. Especially in everyday club play, when technique, timing, and repetition matter, a shaft with a hardness rating of 34 is well-suited to a controlled playing style without unnecessarily jittery feedback. The 87 cm length is particularly useful in situations where an agile stick is needed for tight playing situations and precise ball control.

When selecting a stick, in addition to the length, the correct blade orientation is also important: “right” means the blade is designed for players who hold the stick with their left hand at the bottom.
