Textile size: 5

EXEL GOALIE GLOVES S80 LONG are field hockey goalie gloves designed for both practice and games, when flexibility and coverage are equally important for the hands. The long design provides additional coverage around the wrist and forearm, which can make a noticeable difference, especially when reacting frequently to low and mid-height shots in everyday goalkeeping. In black and orange, the model has a sporty look and is clearly designed for goalkeepers.

- Product Type: Field hockey goalkeeper gloves
- Style: Long with extended coverage at the wrist

Product information

- Intended use: Training and matches in goal
- Fit: Size 5
- Color: Black/Orange
- Position: Goalie

Especially in youth and club sports, it's important to have gear that doesn't unnecessarily restrict reactions and still allows for seamless coordination with the rest of the protective gear in the hectic goal area. The longer cut of this S80 model is well-suited for training sessions with many repetitions, where hands, wrists, and quick defensive movements are constantly in demand. For parents and teams looking for the right goalkeeper gear based on clear sizing, this makes selection straightforward.

When it comes to goalkeeper gloves, the size should be chosen to ensure both a secure fit and unrestricted hand movement.
