Product information

Floorball hardness: 29
Floorball stick size: 92
Brand: EXEL
Stock type: Right

EXEL IMPACT is a floorball stick designed for right-handed players, clearly aimed at players who participate in club activities and regular training sessions. The 29 hardness rating offers a more direct, controlled feel—ideal for passing, dribbling, and quick shots on indoor surfaces. At 92 cm, this model is a good fit for players who are already using a longer shaft.

- Product Type: Floorball Stick
- Brand: EXEL
- Model: R Impact Black 2.9
- Blade orientation: right
- Stiffness: 29
- Length: 92 cm
- Shaft shape: Round
- Intended use: Indoor training and games

The round shaft shape offers a classic feel in the hand and provides a familiar grip, which is especially important during frequent changes of direction and precise stick handling. Combined with the 29 hardness rating, this creates a setup that promotes active play with controlled energy transfer without feeling unnecessarily soft. As a result, the stick is particularly well-suited for teens and adults who train consistently and are looking for a reliable shaft during matches.

When choosing a stick, it's worth taking a quick look at your height and personal playing stance to ensure that the 92-cm length is a good fit for your everyday play.
