4 in stock

Pocket volume: 4l

Bag color: black

The FISCHER Helmet Bag is a compact helmet bag designed for everyday hockey use, when you need to store your helmet separately and neatly. With a 4-liter capacity, it keeps your gear organized during transport—especially during practice, on the way to the arena, or at club activities, where you need to be able to grab individual items quickly. In black, the bag has a simple look that matches the rest of your gear.

Product information

- Product Type: Helmet bag for hockey gear
- Volume: 4 L
- Intended use: Transport and storage of a helmet
- Variant: black version
- Usage: Can be stored separately inside a hockey bag or on its own

A dedicated helmet bag is especially practical for club players, youth players, and parents, as it prevents delicate equipment from lying loose between shin guards and gloves in the bag's main compartment. This keeps things more organized when packing and makes it easier to change quickly before or after practice. Thanks to its compact size, the Helmet Bag remains a practical choice even when equipment is regularly moved back and forth between the locker room, the car, and practice.

The 4-liter capacity is designed specifically for use as a helmet bag.
