Product information

Floorball hardness: medium
Color: neon yellow
Stock type: Right

EXEL VISION BLADE YELLOW is a floorball blade designed for players who don't want to just attach any old blade when replacing or fine-tuning their stick. The VISION model is designed for everyday play in practice and matches, where ball feel, clean receptions, and a balanced compromise between control and direct play are essential.

- Product Type: Floorball Blade
- Model: VISION Blade
- Blade orientation: right
- Hardness: medium
- Intended use: Indoor training and matches
- Color: neon yellow

A medium-hard blade is particularly well-suited for club players and regular training when neither a very soft nor a particularly hard blade is desired. During play, this often results in a balanced feel when dribbling, passing, and shooting. This balance is especially important when replacing a worn-out blade, so that the stick quickly feels familiar again and technical movements don't have to be unnecessarily adjusted.

It's important to choose the correct blade orientation so that the blade matches your usual stick handling style.
