Product information

Color: purple
Stock type: Right
Floorball hardness: soft

EXEL MEGA 2.0 VIOLET is a floorball blade designed for players who don't want to just attach any old blade when replacing a worn-out one. The "Soft" version on the right is designed for a controlled feel for the ball and is particularly well-suited for training and regular indoor play, where clean receptions, smooth control, and precise shots are key.

- Product Type: Floorball Blade
- Model: R Mega 2.0 SB
- Blade orientation: right
- Hardness: soft
- Intended use: Indoor floorball and training
- Color: purple

A soft blade often offers a slightly more refined feel in everyday play, especially when guiding the ball close to the stick or passing it with finesse. This is appealing to club players and young players who value direct feedback from the blade and consciously fine-tune their setup. At the same time, the MEGA shape remains a practical choice for anyone who doesn't want to spend a lot of time adjusting when switching to a new blade.

It's important to choose the correct blade orientation for your stick: This model is designed for right-handed play.
