Color: black
Stock type: Right
Bends: W28
Stick size: INT

The WARRIOR COVERT QR5 PRO INT is a composite hockey stick designed for ambitious youth and club players looking for a direct shot release and a crisp feel for the puck. In the INT version—with a right-handed blade orientation, 55 flex, 57-inch length, and W28 bend—this model is designed for a fast, active style of play.

- Technology: QR5 shaft with a lighter and more durable construction
- Taper shape: hexagonal geometry for easier loading of shot energy
- Shooting Performance: explosive and fast shot release
- Puck feel: Tapered geometry with improved feel for the puck
- Blade: redesigned FUELCORE ULTRA blade
- Blade Characteristics: More pronounced puck feel and more pop on shots
- Version: Right-handed, INT, Hardness 55, Length 57 inches, W28
- Color: black

It's especially during the rhythm of practice and games that you can see how well the shaft and blade work together: The stick loads easily and releases energy quickly, which is particularly noticeable on direct shots, quick wrist shots, and in tight game situations. Added to this is a more precise feel for the puck, which is helpful when receiving passes, making short passes, and breaking free from pressure. The 55 flex is a good fit for players in the INT range who are looking for a responsive stick with clean feedback.

When selecting a stick, the blade angle, flex, and length should match your height and shooting style.
