Bends: W03

Product information

Brand: WARRIOR

Stick size: INT

The WARRIOR COVERT QRE 30 INT is a hockey stick designed for youth and club players looking for a direct, fast release. The angular tapered shape noticeably loads the shaft with ease and supports an explosive shot, while the geometry simultaneously provides a clean feel for the puck.

- Product Type: Low-Kick Hockey Stick
- Technology: angular tapered shape for rapid loading of shot energy
- Construction: Shadow Feel construction for balanced handling and clear feedback
- Material: thin, extremely stable carbon fiber with a lightweight construction
- Blade core: super-lightweight polymer core for enhanced puck feel and lively shots
- Curvature: W03
- Hardness: 55
- Variant: INT, right-handed, black

This design really shines during regular practice and in games: The stick responds quickly to shots taken off the cuff while remaining under control in your hand. The lightweight carbon construction improves balance, which helps when carrying the puck, passing, and executing quick plays under pressure. Added to this is a blade core that provides a clearer feel for the puck and gives shots more liveliness.

The 55 hardness rating in INT is particularly suitable for juniors and young players transitioning to competitive club hockey. When selecting a stick, pay attention to the blade orientation, curvature, and appropriate shaft length.
