Player hardness: 70
Color: black
Stick type: Right
Bends: W03

Product information

Brand: WARRIOR

Stick size: INT

The WARRIOR COVERT QRE 20 INT is a composite hockey stick designed for youth and club players who are looking for a quick release and play close to the puck during games. The angular taper shape provides a noticeably direct load on the shaft and supports explosive shot release, while the low-kick feel really comes into its own, especially on shots taken with little wind-up.

- Technology: angular taper geometry with direct energy transfer
- Shooting characteristics: Low-kick action for a quick shot release
- Construction: thin, highly stable carbon fiber with a lightweight, balanced design
- Blade: Super-lightweight polymer blade core for enhanced puck feel and feedback
- Playing feel: Shadow Feel construction for balance, control, and more precise feedback
- Curvature: W03
- Hardness: 70
- Model: INT, Right-handed, Black

Especially during regular practice and in game situations where time is tight, this setup helps you carry the puck cleanly and get shots off quickly. The combination of a lightweight carbon construction, well-balanced design, and a lightweight blade core provides a direct feel in your hands without making the stick feel unnecessarily sluggish. This is particularly well-suited for players in the INT category who are looking for a responsive stick for shots, passes, and tight puck control.

When selecting a stick, pay attention to the blade orientation, 70 flex, and the INT size to ensure the stick matches your skill level and body size.
