Product information

Brand: WARRIOR

Stick size: JR

The WARRIOR COVERT QRE 10 JR is a youth hockey stick designed to provide a direct, easy-to-control feel. With a JR size, 51-inch length, Flex 40, and left-handed blade orientation, this model is well-suited for young players who are working on their technique, passing, and quick shots during practice and games.

- Product Type: Junior Ice Hockey Stick
- Model: Covert QRE 10
- Length: 51 inches
- Size: JR
- Flex: 40
- Curvature: W03
- Shovel direction: left
- Color: black

Especially for junior players, the balance between length, flex, and blade curvature plays a major role. A flex rating of 40 supports a clean shooting technique without requiring excessive force, which is a noticeable benefit during regular club practice. The W03 curvature is ideal for controlled puck control and for shots where a good feel for the blade remains essential. The black finish has a understated and sporty look.

The most important factors to consider when selecting a stick are the blade orientation, flex, and the appropriate JR length based on the player's skill level and height.
