Product information

Bends: W03

Stick size: JR

The WARRIOR NOVIUM SP JR is a youth hockey stick designed for regular practice and games. Measuring 54 inches in length, with a stiffness rating of 50 and a right-handed blade orientation, this model is ideal for junior players looking for a stick that offers a balanced and controlled playing experience at this stage of their development.

- Product Type: Junior Hockey Stick
- AgeGroup: JR
- Length: 54 inches
- Stiffness: 50
- Blade orientation: Right
- Curvature: W03
- Color: black

Especially in junior hockey, it's important to have equipment that fits the player's height and current strength level. The combination of the JR model and a 50 hardness rating positions this stick where clean technique, shot feel, and puck control take center stage. The W03 curve provides a familiar foundation for passes, receptions, and shots in everyday training and games, without unnecessarily complicating the stick's handling. The black finish keeps the look simple and sporty.

Key factors to consider when selecting this stick are, above all, the correct blade orientation and the 54-inch length, ensuring that your posture and movement on the ice align seamlessly.
