The WARRIOR COVERT RS PRO is an ice hockey helmet designed for players who are looking for a classic two-piece design with a modern fit for regular practice and games. Available in red and size S, this model combines a traditional design with noticeable comfort, well-thought-out ventilation, and easy adjustment to fit the head.

- Product Type: Ice Hockey Helmet

- Protection: Designed for comfort and shock absorption during impacts and collisions
- Adjustment: tool-free adjustment system
- Ventilation: airflow design integrated into the helmet shell
- Size: S
- Color: red

Especially in everyday club life, a helmet that can be easily and precisely adjusted and remains comfortable even during long ice sessions is essential. The compression-molded inner lining ensures even contact with the head, while the ventilation system directs airflow through the helmet. This ensures a comfortable fit even when the pace picks up during practice or line changes are quick. The classic two-piece design also makes it easy to adjust to the desired fit.

When selecting a helmet, it's crucial that size S fits your head shape and head circumference.
