Product information

Color: black
Brand: WARRIOR
Helmet size: S

The WARRIOR COVERT RS PRO in black is an ice hockey helmet designed for players who appreciate a classic two-piece construction and value noticeable comfort and a snug fit during daily training and games. As the latest addition to the Covert line, this model combines the familiar shape with modern details in padding and ventilation.

- Construction: traditional two-piece helmet construction
- Inner padding: compression-molded liner
- Protection: Designed for comfort and impact absorption
- Fit: tool-free adjustment system
- Ventilation: airflow design integrated into the helmet shell
- Intended use: Ice hockey training and games
- Size: S
- Color: black

This combination really stands out for club players and youth players who use their equipment regularly: The helmet fits quickly and comfortably thanks to the adjustable two-piece shell, while the molded inner lining ensures a comfortable fit. Added to this is the integrated airflow system, which directs airflow through the helmet and around the head. This is especially comfortable on the ice when the pace and intensity of practice pick up.

When choosing a helmet size, the fit should be snug and secure without feeling tight or slipping.
