1 in stock

Brand: CCM

Color: red

Helmet size: L

The CCM HTC 910 is an ice hockey helmet designed for players who prioritize well-engineered head protection and a high level of comfort during regular practice and games. This model is the result of years of research, development, and field testing. The helmet was developed in collaboration with the University of Ottawa's Neurotrauma Impact Science Lab, underscoring the scientific approach behind this top-of-the-line model.

Product information

- Product Type: Ice Hockey Helmet
- Technology: Pro-Grade technologies for comfort and protection
- Development: in partnership with the University of Ottawa Neurotrauma Impact Science Lab
- IntendedUse: Ice hockey training and games
- Fit: Size L
- Color: red

It's especially on the ice that you realize how important it is to have a helmet that not only protects but also stays comfortable during long sessions. The CCM HTC 910 is designed primarily for ambitious club players who want to rely on their equipment during the intense demands of everyday hockey. The extensive development work and focus on new technologies speak to a model that clearly goes beyond a simple standard design and is tailored to the needs of modern players.

To ensure optimal performance during regular play, size L should be selected to fit the shape of your head.
