Product information

Color: navy

Helmet size: XS

WARRIOR ALPHA NAVY is a helmet with a mesh faceplate designed for youth hockey; the XS size is aimed at younger hockey players for whom a comfortable fit and a straightforward choice of equipment are particularly important. The navy-colored version has a understated look that's perfect for everyday team use, whether in practice or during games.

- Product Type: Hockey helmet with face guard
- Age group: YT, for junior and youth players
- Protection area: Head and face protected by the helmet-visor combination
- Intended use: Ice hockey training and games
- Size: XS
- Color: navy

For young players in particular, equipment that's ready to use right out of the box is essential. The helmet-and-visor combination simplifies the selection process because the head and face are treated as a single unit. This is especially practical in everyday club life, when equipment needs to be prepared regularly for practice, hockey school, or first games. In size XS, this model is designed for smaller head sizes, which are frequently requested in the youth (YT) category.

For parents and clubs, this provides a clear, sport-appropriate solution that fits seamlessly into youth equipment.

When it comes to children's and junior helmets, it's worth taking a close look at the proper size and secure fit to ensure the helmet can be worn comfortably and correctly during everyday hockey play.
