Product information

Brand: WARRIOR
Color: white
Helmet size: L

The WARRIOR ALPHA ONE PRO in white is an ice hockey helmet designed for players who value light weight, a snug fit, and well-thought-out protection during regular practice and games. The one-piece plastic shell keeps the helmet sturdy without feeling unnecessarily heavy.

- Product Type: Ice Hockey Helmet
- Construction: Sturdy one-piece plastic shell
- Technology: IM PAX FOAM to absorb linear and rotational forces
- Protection areas: Additional padding on the temples, back of the head, and forehead
- Fit: 270° AdaptFit for easy size adjustment
- Ventilation: Optimized air circulation through the shell
- Care: Washable pads, available for individual replacement
- Size: L / SR

It's especially on the ice that you realize how important it is to have a helmet that fits securely without feeling restrictive. The combination of lightweight construction and strategically placed foam padding makes this model particularly appealing for senior club players who participate in multiple practices per week. The IM PAX FOAM is positioned in areas that are particularly sensitive to contact or hard impacts, while the 270° AdaptFit system makes fine-tuning a breeze. Added to this is ventilation that ensures a more comfortable fit during intense play.

To ensure the correct fit, select helmet size L in the SR version.
