Product information

Color: red
Brand: TRUE
Helmet size: S

TRUE DYNAMIC 9 PRO is a hockey helmet designed for players who are looking for a snug fit and a clean, sporty design for both practice and games. Available in size S, this model is primarily designed for smaller head circumferences, as are often required in youth leagues or for a slim fit. The red version makes a striking addition to your gear.

- Product Type: Ice Hockey Helmet
- Model: HT Dynamic 9 Pro
- IntendedUse: Hockey training and games
- Size: S
- Fit: for smaller head circumferences
- Color: red

Especially during regular sessions on the ice, it's important that a helmet not only matches the rest of your gear but also fits comfortably and allows for natural movement. This is particularly important for youth players and club players who rely on wearing the same equipment consistently throughout training, team activities, and games. The TRUE HT Dynamic 9 Pro is clearly a sport-oriented helmet, without overloading the description with unsubstantiated technical specifications.

Choosing the right helmet size is key. Size S is suitable for smaller head shapes; for a comfortable fit, it's worth comparing it to your current helmet or your measured head circumference.
