Color: clear

FISCHER PLEXI PRO F85 is a clear replacement visor for hockey helmets, designed for players and teams who value clear vision and reliable helmet equipment during practice and games. Especially with regular use, it's worth having a suitable replacement part on hand when the existing visor shows signs of wear or needs to be replaced.

- Product Type: Replacement visor for hockey helmets
- Model: Pro F85
- Finish: Clear

Product information

- IntendedUse: Hockey training and games
- Function: Replacement of an existing helmet visor

A visor is one of the pieces of equipment that undergoes particularly heavy wear and tear in everyday hockey play. Scratches, wear, or a defect can impair vision and alter your usual experience on the ice. This clear version preserves the character of a transparent visor, which is especially appealing to players who value the open field of view a visor provides and want to maintain their helmet equipment properly. A compatible replacement part is also useful for teams and equipment managers to keep helmets ready for play.

Before replacing the visor, it's worth quickly checking whether the shape and mounting fit your existing F85 setup.
