Color: clear

WARRIOR PLEXI MFE 106 is a clear ice hockey visor designed for club players and regular training sessions where an unobstructed field of view and clear vision are essential. Its evenly curved shape ensures a clear field of vision, while the polycarbonate is designed to withstand the rigors of play on the ice.

- Product Type: Ice Hockey Visor
 - Construction: precise, uniformly curved shape
 - Material: highly durable polycarbonate
-

Product information

- Vision: optically clear design
- Coating: Anti-fog and anti-scratch protective coatings
- Compatibility: Fits all types of ice hockey helmets
- Color: clear
- Package contents: Mounting kit with spacers, cleaning solution, and cloth

In everyday hockey play, the combination of a clear design, wide field of view, and a surface suitable for daily use really stands out. Especially under changing conditions on the ice, visibility remains reliable, and the surface appears less susceptible to damage with regular use. This is particularly helpful in a club setting, where equipment is frequently used, cleaned, or replaced. The wide range of helmet compatibility also makes it easy to switch to existing helmets within a team.

Before installation, briefly check the visor mounting on the existing helmet. CE-certified.
