9 in stock

Color: black

The WARRIOR Mounting Kit for WARRIOR visors in black is a must-have for any gear set when you need to securely and properly attach a visor to a hockey helmet or replace an existing kit. Especially in everyday club use, where helmets and visors are in regular use, a coordinated mounting kit is often a much more practical solution than individual, mismatched parts.

- Product Type: Visor Mounting Kit
- Compatibility: Fits WARRIOR visors

Product information

- Application: Attaching a visor to a hockey helmet
- Installation: Suitable as a replacement or retrofit kit
- Color: black
- Package Contents: Mounting kit

During practice, games, or in youth programs, small mounting parts tend to get lost over time or need to be replaced. This set is designed to address exactly that, as it is tailored to WARRIOR Plexi and simplifies equipment maintenance. This is especially helpful for club players, teams, and parents when helmets need to be back in action quickly and a proper installation is required. The black version blends discreetly into the existing helmet setup.

Before installation, briefly check whether the helmet and existing visor are compatible with the set.
