Especially in the day-to-day operations of a club, it's helpful to prepare equipment that's not only functional but also uniform. An advertising strip sold by the meter makes it easier to adapt to different helmet sizes and various purposes, such as sponsor spaces, tournaments, or internal markings. For teams and officials who need to outfit multiple helmets, this provides a clean and predictable solution without being limited to fixed quantities.

Before placing an order, it's worth taking a moment to calculate how many meters are actually needed for the desired number of helmets.
