Protective paint: black

Protection size-1: SR

Body protection size: XS

The WARRIOR LX 40 SR is an elbow pad designed for everyday hockey play, prioritizing protection in key areas and easy adjustment. Especially during regular practice and games, it's important to have gear that reliably covers the forearm and

Product information

biceps without unnecessarily restricting movement. Available in black and in body armor size XS, this model is designed for smaller SR players.

- Product Type: Elbow pads
- Padding: Dual-density foam padding
- Protection area: Plastic inserts on the forearms and biceps
- Closure: New straps for easy handling and a secure fit
- Inner lining: Yellow Strike lining, quick-drying
- Care feature: keeps the material clean longer
- Size: XS / SR
- Color: black

The combination of dual-density foam and additional inserts provides extra padding in areas where contact frequently occurs during hockey. This makes the protective gear ideal for club players who wear their equipment several times a week and want to rely on a secure fit. The new straps are easy to put on and help keep the protective gear securely in place even during intense movements. Added to this is the Yellow Strike inner lining, which quickly absorbs moisture and dries faster after use.

For an optimal fit, the combination of XS and SR should match your existing protective gear and body type.
