Product information

Glove size: 14inch

Glove color: navy

The WARRIOR QR6 TEAM NAVY SR is a hockey glove designed for players who participate in regular practice and games, where agility and direct stick contact are just as important as solid protection. Available in navy and a 14-inch size, this model is clearly aimed at senior players.

- Fit: COVERT TAPER FIT with a natural, hand-like shape
- Thumb Construction: AXYFLEX THUMB for greater mobility
- Back of the hand: Anatomically stretchy construction with Lycra inserts
- Ventilation: Foam-mesh inserts
- Protective construction: DUO-LAM with HD VN, medium-density foam, and plastic inserts
- Protected areas: Back of the hand, cuff, and fingers
- Palm: PRO PALM for feel and durability
- Size: 14 inches

On the ice, the balanced combination of a snug fit, flexible thumb, and stretchy back of the hand quickly makes itself felt. The glove fits snugly without unnecessarily restricting finger movement, which is helpful for passing, catching, and quick repositioning. At the same time, the protective construction remains in place where the player regularly takes hits and experiences hard contact during the game. The PRO PALM provides a direct feel for the stick without sacrificing durability.

When selecting a size, the 14-inch version in the senior range serves as a useful guideline; the fit should match your hand size and the desired snugness.
