Product information

Shin guards in inches: 12inch
Shin guards in cm: 30cm
Shin guard color: black
Shin guard size: JR

The CCM TACKS XF 80 JR is a shin guard designed for youth players, intended for regular ice hockey practice and games. Available in a junior size of 12 inches (30 cm), this model is ideal for young players who need protection and a reliable fit without unnecessarily restricting their movement on the ice.

- Product Type: Ice Hockey Shin Guards
- Model series: TACKS XF 80 JR
- Agegroup: JR
- Size: 12 inches / 30 cm
- Protection area: Shin and knee during hockey play
- Intended Use: Training and games in youth hockey
- Color: black

Especially at the junior level, it's important to have equipment that works well in the day-to-day life of the club and is just as easy to handle in the locker room as it is on the ice. A shin guard from the TACKS line is designed for players who need a solid, secure feel on their legs during one-on-one battles, along the boards, and when blocking pucks. The black version has a understated look and can be easily combined with existing hockey gear.

When selecting a size, make sure the 30 cm length matches your height and the rest of your leg gear so that your knee and shin remain fully covered.
