Product information

Glove size: 15inch

Glove color: navy

Brand: TRUE

TRUE XC9 BLACK SR are hockey gloves designed for regular use on the ice, where flexibility and protection need to work together seamlessly. Available in navy and in a 15-inch size, this model is primarily designed for adult club players who want a direct feel when handling the stick without sacrificing sturdy padding on the back of the hand.

- Fit: tapered with anatomical contouring
- Construction: 15-panel back and three-panel fingers
- Protection: Pro Grade 24 mm EPP foam with PE inserts
- Thumb: TRUEFLEXX+ locking thumb for flexible control
- Cuff: Ergonomically flexible for greater wrist freedom
- Palm: AX suede with sewn-in TRUE BLUE AX suede overlay
- Outer material: Nylon with textured PU
- Size: 15-inch SR

The optimized design really shines during tight disc passes, quick passes, and shots on the move. The tapered shape fits snugly around the hand, while the flexible finger layout and movable cuff allow room for natural wrist movement. At the same time, the EPP foam with PE reinforcement provides a sturdy foundation for intense training weeks and regular club games. The AX suede palm ensures a precise grip on the stick, which remains especially important at high speeds.

The 15-inch size is generally intended for senior players; for a clean fit, the glove should neither pinch the fingers nor slip on the back of the hand.
