Glove size: 15inch

Glove color: red

Brand: TRUE

The TRUE XC9 NAVY SR is an ice hockey glove designed for ambitious players who train and play regularly, offering the perfect balance of mobility and protection. Available in red and in a 15-inch size, this model is designed for senior players, for whom direct stick contact and a natural feel in the hand are crucial.

- Fit: Tapered with anatomical contouring
- Back of the hand: 15-panel construction for high mobility
- Fingers: Three-piece design for greater flexibility
- Thumb: TRUEFLEX+ locking thumb
- Padding: Pro Grade 24 mm EPP foam with PE inserts
- Palm: AX suede with sewn-in TRUE BLUE AX suede overlay
- Cuff: Ergonomically flexible design for greater wrist freedom
- Outer material: Nylon with textured PU

The design really shines in tight game situations: The tapered shape fits snugly against the hand without restricting movement, while the flexible cuff and movable thumb noticeably support passing, shooting, and stick handling. Added to this is professional-level padding designed for the rigors of daily club play. The AX suede inner surfaces provide a controlled grip, which is especially important during frequent ice time and at high speeds.

15 inches corresponds to a senior size; the fit should be chosen to match your hand size and desired comfort—either snug or slightly roomier.
