Product information

Glove size: 14inch

Glove color: black

TRUE CATALYST 5X SR is a hockey glove designed for players who are looking for a balanced blend of protection, mobility, and a crisp stick feel during regular practice and games. In the black version and in a 14-inch size, this model fits well into the senior category for players who prefer a sleeker, sportier fit.

- Technology: PRO GRADE variable foam construction with PE inserts
- Material: Nylon outer shell
- Palm: Nash palm
- Fit: tapered shape for a snug fit
- Thumb: two-piece construction
- Hygiene: Antimicrobial finish
- Size: 14 inches
- Color: black

On the ice, this glove truly shines when there's a lot of stick contact, passing, and quick changes of direction. The variable foam construction with PE inserts provides noticeably structured padding, while the tapered fit keeps the hand closer to the stick. This promotes a direct feel when handling and receiving the puck. The Nash palm has been known in hockey for years as a grippy and player-friendly solution, and the two-piece thumb helps maintain the hand's natural mobility.

At 14 inches, this size should be a good fit for your hand and the rest of your senior-level protective gear.
