When it comes to hockey pants, it's especially important that the size and cut match the rest of your protective gear and allow for a natural range of motion on the ice. This model is designed as a senior version for adult players and is suitable for everyday club play, practice, and games. The navy-colored version complements many team uniforms and offers a understated yet athletic look on the ice.

An important factor in selecting these pants is the combination of the senior cut and size S, ensuring the pants work seamlessly with leg guards and other protective gear.
