Product information

Protective paint: black
Brand: TRUE
Protection size-1: YT
Body protection size: S

The TRUE STARTER KIT YT is an entry-level protective gear set for young hockey players taking part in their first practices and games on the ice. The black set is designed for youth players and combines soft, comfortable padding in areas prone to falls with sturdier elements for added impact protection.

- Product Type: Youth Starter Kit for Beginners
- Protection concept: soft padding in common fall zones, supplemented by sturdier protective areas
- Intended Use: Training and first games in youth hockey
- Age Group: YT
- Size: S
- Color: black

Especially in the beginning, it's important to have gear that effectively balances protection and mobility. With the TRUE STARTER KIT YT, the carefully designed padding helps players better adapt to typical contact with the ice, boards, or opponents during daily practice without making their movements feel unnecessarily stiff. This is especially important for children who are simultaneously developing their technique, balance, and safety on the ice. Such a set is also appealing to parents and clubs looking for protective gear specifically designed for beginners.

When selecting a set, the combination of the YT model and size S should match the child's height and the rest of their protective gear.
