Body protection size: XL

Product information

The WARRIOR STARTER KIT YT in black with body protection in size XL is a protective gear set designed for hockey, making it easier to get started with practice and games. Especially for youth players, it's important to have equipment that provides effective protection and makes getting started on the ice or in the arena straightforward.

- Product Type: Starter Kit for Hockey Protective Gear
- IntendedUse: Training and Games
- Protective gear size: YT
- Body Protector Size: XL
- Color: black
- Brand: WARRIOR

A starter kit is particularly useful when you're looking for a coordinated set of equipment rather than having to put together each piece individually. This saves time in the day-to-day life of a club and provides a clear foundation for getting started or transitioning to the right protective gear size. The black version offers a simple, sporty look. WARRIOR is firmly established in the world of hockey, which serves as an important point of reference for many parents, youth players, and teams when it comes to protective gear.

The key factor here is the combination of protection size YT and body protection size XL. Before making a selection, you should therefore briefly check whether these sizes match your existing equipment and body type.
