CCM HOSENGURT is a classic belt for hockey pants in size SR. It's especially during regular practice or before a game that you realize how important it is to have a reliable way to hold your pants up, so that your gear fits properly and doesn't unnecessarily hinder your movement on the ice.

- Product Type: Pants belt for hockey pants
- Size: SR
- Uses: Ice hockey, practice, and games
- Function: Secures the hockey pants and ensures a secure fit
- Target audience: Adults and older youth players with SR equipment

Product information

- Compatibility: Suitable for hockey pants with a belt system or corresponding pull tab

A pant strap is one of those small pieces of equipment that's easily overlooked on the ice but is crucial in everyday use. To keep your pants securely in place during direction changes, sprints, or one-on-one battles, you need a simple and reliable solution. That's exactly what this SR model is designed for. A suitable replacement or additional belt is particularly useful for club players and teams that use their equipment regularly.

It's important to ensure compatibility with SR hockey pants and the pants' existing belt system.
