The Warrior Ritual G6 E+ is super lightweight and was designed to help goalies get the most out of their equipment. Warrior's CoverEDGE+ technology is back from the G5. It was designed to maximize coverage through an innovative face-

Product information

forward design and reduce the angle to the puck. The G6 E+ features Warrior's AirSlide 3.0 landing surface, which improves glide. Diagonally aligned channels ensure an optimal glide path and reduce the total surface area that comes into contact with the ice, which in turn makes gliding easier and smoother on all ice conditions. Warrior has also removed the binding from the inside of the knee to increase overall durability and reduce glide friction. Together with an easily removable polycarbonate blade plate on the knee pad, the G6 E+ features the
