Product information

Pants color: navy

Pants size: S

Pants size 1: SR

TRUE AX7 NAVY SR are hockey pants designed for players who are looking for a clean fit with reliable protection in key areas of movement during regular practice and everyday club play. The optimized design fits close to the body without unnecessarily restricting leg movement, while the AeroSchild spine protector in the back area places additional emphasis on protection and mobility.

- Technology: AeroSchild Spinal Protection
- Protection Area: HDPE with high-density foam on the hips and thighs
- Construction: Compression-molded protective structure
- Outer Material: Pro-Level 840D nylon shell with 2 cover materials
- Closure: Zipper with side release buckles
- Adjustment: Internal strap system
- Inner material: Moisture-wicking poly liner
- Color: Navy, Size S / SR

Especially during intense training weeks or tight game situations, you need pants that effectively combine protection with freedom of movement. The contoured design at the hips and thighs provides support in areas where contact frequently occurs in hockey, and the durable 840D nylon shell is built to withstand regular use. Added to this is an inner lining that wicks moisture away from the body, ensuring a more comfortable fit even during longer sessions. A zipper, side buckles, and the internal strap system make it easy to adjust the pants to fit over the rest of your gear.

When selecting these pants, the combination of the senior model and size S is particularly helpful, ensuring they fit neatly over your base protection and stay secure during movement.
