## Product information

---

TRUE L12.2 SR leg pads are designed for everyday use by ice hockey goalies who need senior-sized equipment with precise sizing on the ice. The white version with black accents is designated as the Pro model and is available here in a 34-inch + 3-inch size for the leg pads and in SR for the body armor.

- Product Type: Goalie Leg Pads
- IntendedUse: Ice hockey, practice, and games
- Model: L12.2 SR Pro
- Leg Pad Size: 34 inches + 3 inches
- Bodyprotection size: SR
- Body protection size: SR
- Color: white/black

A well-balanced size combination is especially crucial for club goalies, as it significantly influences movement patterns during the butterfly save, lateral shifts, and in tight situations in front of the net. This model is clearly designed for senior players and is therefore aimed at goalies who tailor their equipment to their skill level and body size. The additional length of +3 inches is a key factor in determining the fit at the bottom of the legs.

Goalie leg pads should be sized to match your body proportions and the rest of your goalie gear so that everything works together seamlessly on the ice.
