In goal, it's especially important to have equipment that fits your individual movement style and chosen size. Senior leg pads in 35 inches + 2 inches are particularly useful when a consistent length is required for the butterfly position, when shifting within the goal crease, and during repetitive movements. This model is clearly designed for goalies and is suitable for those who specifically tailor their equipment to senior sizes.

When it comes to leg pads, it's especially important to ensure they're properly matched to your body type and existing goalie gear.
