The WARRIOR M3 JR is a goalie stick designed for everyday hockey play, where quick reactions, clean passes, and smooth handling are key. The Minimus Carbon construction combines a lightweight, well-balanced feel with a low kick point, which supports quick shot release. Available in black, with a 21-inch length, MID Curve, and Regular side, this model is ideal for goalies seeking a direct stick feel during practice and games.

- Technology: Minimus Carbon with a low kick point
- Construction: HiFused construction for a lightweight, balanced overall feel
- Shaft: Traditional geometry with SlideGrip
- Reinforcement: Impact Fiber Layer to increase shaft durability
- Blade: glossy finish for protection against wear
- Length: 21 inches
- Curve: MID Curve
- Model: SR, Regular, color: black

For goalies who play regularly in club competitions, the balance between weight, balance, and control is crucial. That's exactly where this stick comes in: The lightweight construction reduces strain during repeated drills in practice, while the classic shaft shape and grippy grip area help ensure secure control of the stick when stopping the puck and building plays. The reinforced shaft construction is also beneficial when the equipment is frequently used on the ice.

When selecting a stick, in addition to the length, be sure to choose the correct side: This model is designed for the regular side.
