The WARRIOR F2 Pro is a white goalie mask designed for everyday hockey use, intended for seniors with helmet size S/M. Especially in the goalie position, it's important to have a mask that fits snugly and feels comfortable during both practice and games. This model is designed for adult goalies who play regularly and prioritize a good fit and clear sizing.

With a goalie mask, it's often not a single detail that makes the difference, but rather the combination of the right size, a secure fit, and a design suited to the position. The WARRIOR F2 Pro fits perfectly into this category: a senior mask for goalies who carefully match their equipment to their size and are looking for a clear, reliable choice for club play or regular ice time.

The combination of the senior model and the S/M size is particularly helpful when making your selection. The mask should fit the shape of your head and complement the rest of your goalie gear.
