Color: chrome

GREEN GITTER VICTORY CAT EYE TRIPLE BAR CHROM is a visor for hockey helmets featuring a distinctive cat-eye shape and a triple-bar design. Especially during everyday games and practices, a reliable balance between field of vision, coverage, and helmet compatibility is essential. The chrome-plated design fits seamlessly into your existing gear.

Product information

- Product Type: Hockey Helmet Visor
- Model: Victory Cat Eye
- Design: Triple Bar
- Color: chrome
- Intended use: Practice and games
- Installation: Designed for compatible hockey helmets

The Cat Eye design is particularly popular in hockey where an unobstructed field of vision and clear spatial awareness during play are essential. Combined with the triple-bar design, this creates a grid pattern that is particularly appealing to goalies who need to quickly track the puck, sticks, and players' movements amid the scramble in front of the net. This makes this model well-suited for goalies in everyday club play who are specifically looking for a classic grid design when replacing or modifying their gear.

Before installation, we recommend briefly checking the fit with your existing helmet to ensure the shape and mounting points align properly.
