WARRIOR GITTER CAT EYE F2 STEEL is a replacement grille for F2 goalie masks and is designed for goalies who want to restore their mask to pristine condition after intense use in practice or games. The Cat-Eye shape is well-known in goaltending for providing an unobstructed field of vision, which can be a noticeable help with rebounds, passes through the

Product information

slot, and quick shots.

- Product Type: Replacement grille for goalie mask
- Model compatibility: WARRIOR F2
- Design: Cat Eye, Non-Cert
- Material: Stainless steel
- Size: 1
- Color: Steel
- IntendedUse: Ice Hockey Goalie

When it comes to a goalie mask, it's not just protection but also the field of vision that determines confidence during the game. This steel grille is designed to fit the F2 mask and features the Cat Eye design, which many experienced goalies appreciate for its unobstructed forward and side views. The stainless steel version is well-suited for the demanding realities of everyday hockey life, where equipment is regularly transported, dried, and re-equipped.

It's important to ensure compatibility with the WARRIOR F2 mask in size 1. The non-certified version should only be selected if this cage design is permitted for the intended use.
