1 in stock

Color: white

Helmet size: S

The CCM CAT EYE CE 9000 is a white helmet visor designed for hockey, available in size S. A Cat-Eye visor is designed primarily for goalies who value an unobstructed field of vision during practice and games while also needing a seamless fit with their helmet.

- Product Type: Helmet cage for hockey goalies
- Model: Cat-Eye CE 9000

Product information

- Intended use: Training and games in the goal area
- Fit: Designed for helmet size S
- Color: white
- Compatibility: For compatible CCM helmet configurations

Especially for goalies, a well-fitting face mask makes a noticeable difference in everyday play. The Cat-Eye design has been a staple in hockey for years because it keeps the view of the puck, traffic in front of the net, and play on the sides as unobstructed as possible. For young goalies playing for a club or for regular use in practice, it's therefore crucial that the visor shape, helmet size, and helmet fit together perfectly. In the white version, this model blends seamlessly into classic goalie gear.

It's important to pair it with a compatible size S helmet to ensure the fit and alignment are correct.
